Notas Culturales

Optional homework: See if you can find a channel on
the t.v. that speaks Spanish. Report what you see at
the next Spanish class. For example, did you see any
game shows? Also, see how often you hear or see
Spanish during your daily lives between Spanish
classes. For example, you may see billboards or
commercials in Spanish. You could also see the
Spanish translations on many products. We will be
discussing your findings during next class.
