

En La cocina (In the Kitchen)

Using your imagination, draw “una cocina” (a kitchen) with a refrigerator, table, cheese on the table, a chair, and soap and a towel at the sink. Draw an arrow from each object to label it in Spanish using the word bank below.

Parents of non-readers: Make this an interactive activity in the kitchen. Hold up or point to each of the objects below and have your child repeat the word in Spanish after you. (Use the newsletter for translations if necessary.)
