Class Activities

Today we will be bringing home our class work. We also practiced all of your new vocabulary and conversation skills through many comprehensive games today.

¡Felicidades! Congratulations!

After today's class you will have successfully completed Level 5. We will resume with Level VI next semester. It's amazing how much progress you can make in Spanish by sticking with it! Remember that language takes a lot of practice and dedication and that even though you can respond and reproduce Spanish easily in class, the very last step in the language learning process is being able to independently reproduce sentences. Just keep practicing!
