## Activites Explanation

**Hangman**-I am not sure how many of you remember how to play hangman, but it is great review and fun! Draw the hangman form on the board. Have the vocabulary words written on small pieces of paper. One person chooses a word and does not tell anyone. For example: Inglés. That team member would put six dashes underneath the hangman. Other class members can guess letters using "hay". Example: ¿Hay un "a"? If the letter is not in the word you draw a part of the body onto the hangman form. Keep doing this until they hang the man or guess the word! Have them use only Spanish alphabet letters for practice. You can have teams for this game, as well.

**Legos**!- This is a great activity if you can bring in legos or blocks. Break the class into very small groups (2-3 students) Have each group "create" a form of transportation. Once they are done they need to explain to the class what it is using Spanish. Encourage them to use colors too!

**Flashcards**-Color and cut the enclosed pictures and put them on note cards. On the back write the word in Spanish. Play the around the world game rotating pictures and words.

## Extra Activities

### **El Mundo de Juan!**

Give the students these directions - and see what they draw.

Juan takes a lot of different types of transportation. From his casa, he takes un barco a la ciudad where his abuela lives. He takes un tren al pueblo where his primos live, and he monta en bicicleta to his escuela. From su escuela he takes un autobus al cine. Draw a map showing Juan's world.
