¿Individual o Equipo?

Below is a chart naming many sports, and the Spanish words "Individual" and "Equipo." If the sport is an individual sport, (it is played with only one person on each team), make an "x" under individual. If it is a team sport, (it is played with more than one player on each team), make an "x" under "equipo." Some sports may have "x's" under both columns because they are both individual and team sports.
