

Repaso Jeopardy

Repaso Jeopardy

There is so much that the students have learned in this level. Test their knowledge and have fun with Repaso Jeopardy!

Write the following categories on the board:

- Conjugations and Translations
- Transportation
- Sports
- The Great Outdoors

Under each category write the following numbers: 5, 20, 100, 500

Divide your class into two teams. Have the teams come up with names and write the names on the board as well. The first team member will choose a category and a value. For example: Transportation for 500 and then you will ask a question to the student. If he or she gets it correct, they score 500 points for his/her team. Eliminate each category after that question is answered correctly. If the team member answers incorrectly, the other team has an opportunity to answer it themselves.

Whichever team has the highest points, wins!
