

Our *amigos* Dani and Beto have invited you camping. ¡Vamos a Acampar! There are many things you need to do and bring to prepare. Practice using the phrase “Yo necesito” (I need) to make complete sentences in Spanish using the words below.

*Tip! These are challenging words and from the previous weeks. Use the past newsletters to translate if you have forgotten the words. It takes A LOT of practice to master even a single word. You are doing great!*
