Practice at Home

Practice Math in Spanish! See if you can complete the following equations.

Note: The younger students will most likely not be able to do this activity. For these students, call out a number in English and encourage them to hold up their fingers with that number and say it in Spanish.

Key vocabulary:

y= and, son= equals, menos= minus

1. Dos y veinte son _____.
2. Ocho menos tres son _____.
3. Uno y diez son _____.
4. Diecinueve menos dos son _____.
5. Nueve menos uno son _____.
6. Quince menos cinco son _____.

**Answers from last week's translation activity:
amigo, número, familia, hola, nombre, gracias*

Notas Culturales / Class Activities

106 million is the number of Spanish speakers in the world. Over 28 million of those people live in the United States. We can refer to Spanish speakers from the Americas in various ways- Hispanics, Hispanos, Latinos. You can also refer to a culture by its country of origin. Example: Mexicanos, Dominicanos, Cubanos, etc.
