Notas Culturales / Class Activities

Un mercado is an open air “store” where vendors (individual people) sell items to make money. They sell all kinds of things like fruits, vegetables, meat, clothes, house wares and sometimes even live animals! At the market the vendors don’t usually have a set price for items like in the grocery store. The vendor typically says one price and then the person who wants to buy the item says a lower price. They keep going back and forth until they agree on a price. This is called bartering.
