Notas Culturales / Class Activities

Learning songs is a great way to practice Spanish. They are catchy and easy to remember-even with complex grammar! Today we also listened to a song from BASHO & FRIENDS about la casa. It was a great way to hear so many words we know like objects in the house, adjectives and colors in one song! If you want to listen to at home you can search the following on YouTube:

BASHO & FRIENDS Perform Casa Loca Live at Peekadoodle!

You may not know every word in these sentences, but after reading them out loud can you guess the main points?
