

¡Vamos con los animales!

Today we “visited” the *zoológico* and learned about the animals often found there.

We also played a lot of fun games – ask your child what his or her favorite game was!

Practice at home with the Quizlet from our parent portal or make flashcards with the vocabulary.

Notas Culturales

Did you know that in many Latin American countries stray dogs are very common? They sometimes run around in *bandas de perros* – dog gangs! They can be found on the street or even at the beach. *Perros* can also be kept as pets like in the United States. You can sometimes find them high on the rooftops acting as guard dogs.
