

Essential Spanish

Vocabulary List

¿Cuántos hay? How many are there?

Practice reciting the Spanish alfabeto A-Z

Practice counting any number from 1-100. *It is also more challenging to quiz students on the numbers out of order. For students in grades K-2, review numbers 1-50.

We encourage you to practice vocabulary at home with your children. They will remember much more! Discuss past vocabulary, and find our vocabulary words in all of our songs!

Cantamos- Let's Sing

Here is a song to sing at home with your children. Have your child teach you the song!

Buenos días a todos,
Buenos días a ti

*You can substitute buenas tardes & buenas noches for buenos días.

Notas Culturales / Class Activities

Each Spanish speaking country has its own unique vocabulary and varying accents. For example, "¿Cómo estás?" sounds like ¿Cómo esthas? in Spain. Just as Americans can easily distinguish a New Yorker from a Californian, Spanish speakers can quickly identify someone based on their pronunciation and accent.
