

Our *amigos* Dani and Beto have invited you camping. ¡Vamos a Acampar! There are many things you need to do and bring to prepare. Practice using the phrase “Yo necesito” (I need) to make complete sentences in Spanish using the words below.

Tip! These are challenging words and from the previous weeks. Use the past newsletters to translate if you have forgotten the words. It takes A LOT of practice to master even a single word. You are doing great!

*la casa de campana, el traje de baño, una bolsa,
las mantas, el malvavisco, el mapa, una linterna,
las botas, perro caliente, el agua, la botella*

¡Vamos a Acampar!

Now count in Spanish how many sentences you made!
