

La Familia Martinez Visita Los Galapagos

Escrito por Brita Kuhrmeier

The Martinez family loves los animales. So, the Galapagos Islands are a perfect place for them to visit.

Do you know where the Galapagos Islands are? They are off the coast of Ecuador!

There are animals on the islands that don't exist anywhere else in the world!

Little Josefina loves los animales that live by the sea, so the family visits the beach first.

Guess what animal she sees?

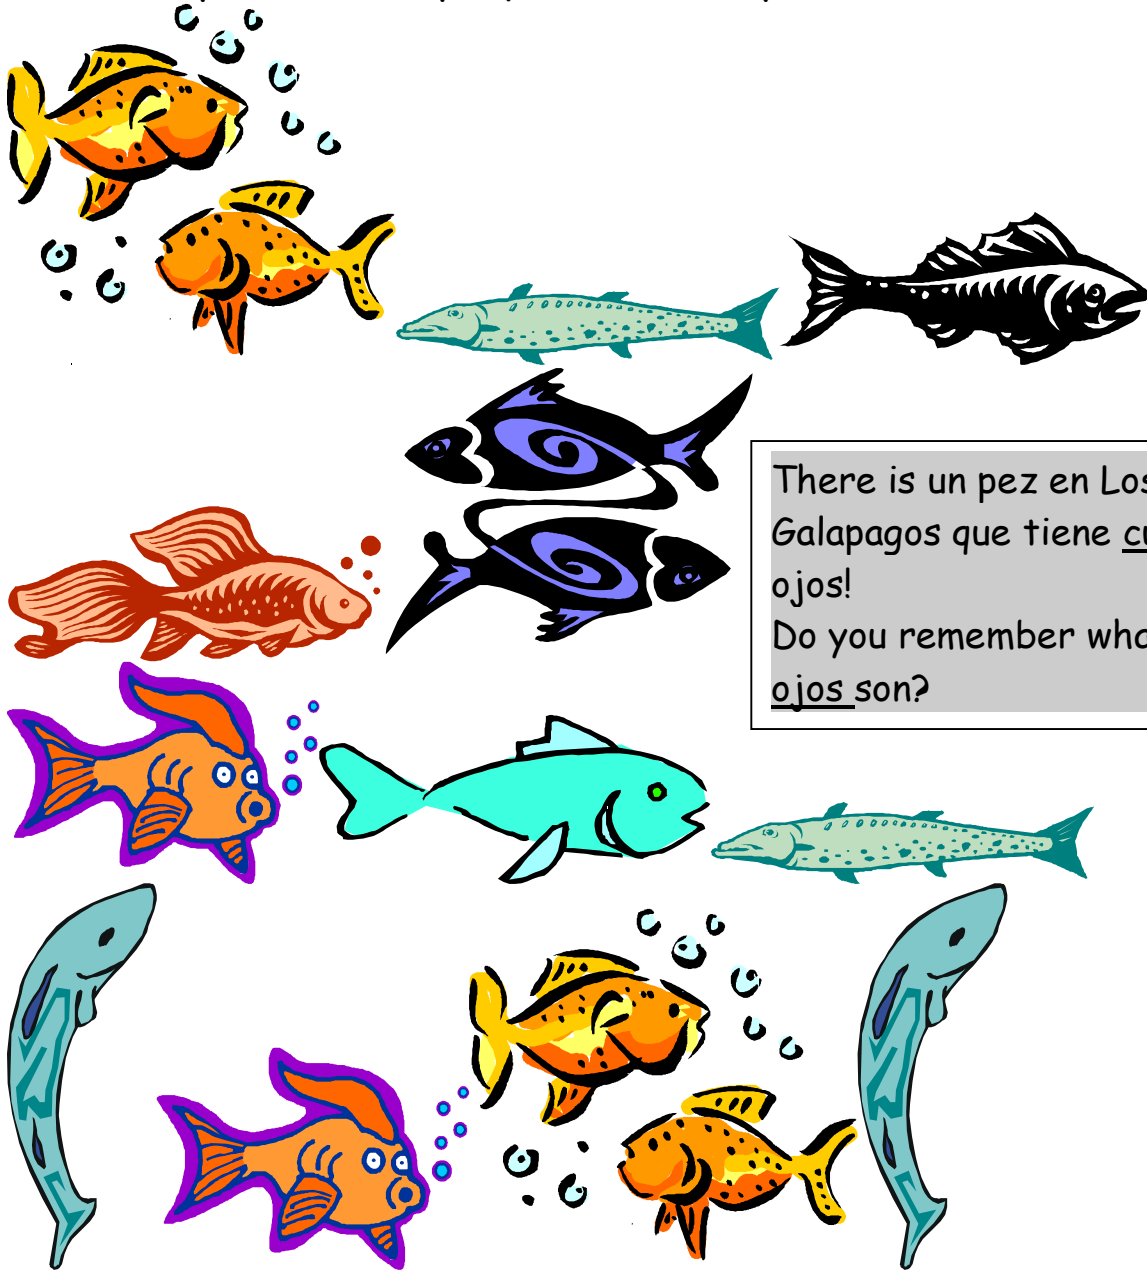

¡Un penguinino! ¿De que color es el penguinino?

Did you guess blanco y negro?

Did you know there are 450 kinds of fish (pez) that live in Los Galapagos?

¿Cuántos pescados hay aquí? How many fish are here?

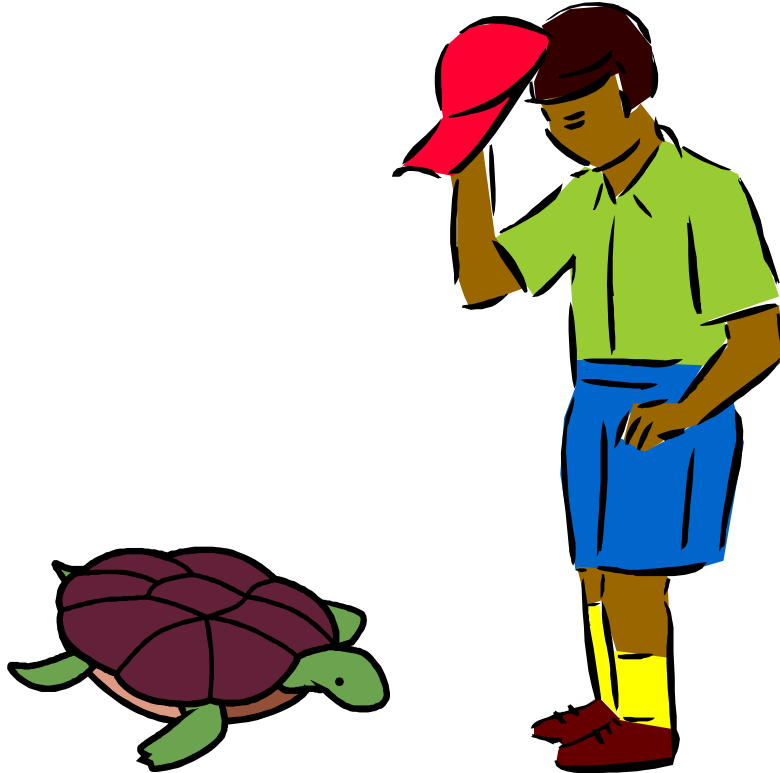

There is un pez en Los Galapagos que tiene cuatro ojos!
Do you remember what los ojos son?

Did you guess fifteen? How do you say fifteen in Spanish?

Carlito likes los animales that live in the water and on the land.

¿Cuál es el animal favorito de Carlito?

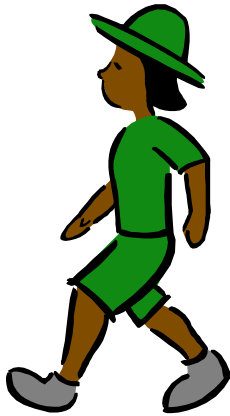

You're right-Es una tortuga!

On the Galapagos Islands, there are only tortugas verdes.
La tortuga gigante weighs 500 lbs!

Señora Martinez loves watching los pájaros.

There are veinte y dos pájaros that live on Los Galapagos and no where else on earth!

¿Cuántos pájaros hay aquí?

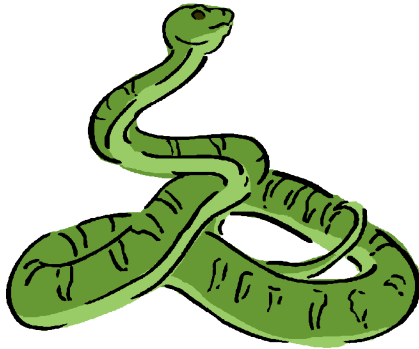

¡Sí son cinco! ¿Cuántos faltan?

Hint: Veinte y dos menos cinco. Son _____.

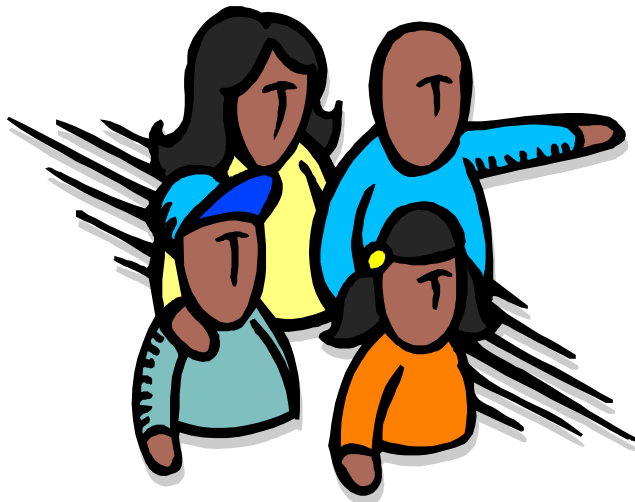

There is only un animal que le gusta Señor Martinez.

Can you guess what it is?

¡Sí! Es una serpiente. Te gustan las serpientes?

La familia Martinez had a great time in Los Galapagos.
Did you?

What did they see? Tell me in Spanish!
