## Notas Culturales

Sea turtles nest in coastal areas all over the world, including the coast of Mexico and other Latin American countries such as Panamá, Ecuador, and more. Turtle eggs are a traditional delicacy in many of these areas, which is a problem because of the endangered status of many sea turtles. Lake Nicaragua is sometimes called El mar dulce or the sweet sea. This is because though it is a freshwater lake, sharks live there!

# ¡Vamos al Zoo!

Today we toured *el acuario*-the aquarium! We had fun learning about the animals often found there. We also played a lot of fun games and songs!

## ¡Cantamos! – Let's Sing

Here are the lyrics to the song from today's class:

### **(Animals of the Sea)**

*(Animales del Mar (To the tune of "My Bonnie Lies Over the Ocean")*

*Los peces nadan en el mar  
Nadan en agua azul  
Los tiburones y pulpos  
Y caballitos de mar*

*Nadan, nadan los animales del mar  
Nadan, nadan, los animales del mar*

*Ballenas también nadan  
Nadan en agua azul  
Delfines también nadan  
Y estrellitas de mar*

*Nadan, nadan los animales del mar  
Nadan, nadan, los animales del mar*
