¡REPASO! :

- ❖ When is "Yo," the word for "I," capitalized? _____
- ❖ Tú and usted both mean _____. "Tú" is typically used for kids, family, and friends. "Usted" is used to show respect or in more formal relationships, like those you have with teachers, elderly people, and adults you don't know too well.
- ❖ The vosotros form is only used in _____. Everywhere else, the _____ form is used for formal or informal "you all." *Please note: unless otherwise specified, you can assume that this course will always ask for the ustedes form instead of the vosotros form.*

Talking TO vs. talking ABOUT

When we use pronouns in place of nouns, it's important to keep in mind whether we are talking **to** an individual or **about** them because we will use different pronouns. For example:

talking directly TO César: "César, are **you** from California?"

talking ABOUT César to someone else: "César? **He's** from California, right?"

It's exactly the same in Spanish.

talking directly TO César: "¿**Tú** eres de California?"

talking ABOUT César: "¿César? **Él** es de California, ¿no?"
