Project: Mi extraterrestre – Parte DOS

Your alien has landed on Earth! Its spaceship landed in México, and it would like to make friends with the Earthlings who live there. Help your alien write a paragraph in Spanish to introduce itself.

Include the following in your paragraph. You will want to use the greetings from your Nivel Uno packet to help you.

- A greeting
 - (Examples: hola, buenos días, buenas tardes)
 - **HINT:** Remember when you use exclamation marks, you put an upside exclamation mark at the beginning of the sentence. (¡Hola!)

- What your alien's name is
 - (Example: Me llamo _____.)

- Where your alien is from
 - (Example: Yo soy de _____.)

- Three sentences telling what body parts your alien has.
 - (Example: Yo tengo tres piernas. *I have three legs.*)
 - **HINT:** If you include a number (tres, cuatro, cinco...), you do NOT need to include the word "the" (el, la, los, las)

- Two things that hurt (Remember, your alien has had a long trip!)
 - (Example: Me duele la espalda. *My back hurts.*)

- End with "nice to meet you" and a goodbye (from Nivel Uno packet)
